| Value |
|-------|
| red |
| green |

# CSS Background Properties

2. Background Color

The CSS

`background-color` property specifies the background color of an HTML element.

```css
1  .card {
2      background-color: lightblue;
3  }
```

CSS

```
 HTML      CSS      JAVASCRIPT       ▶  ↺  ⚙  ☐ Inspect

1  <!DOCTYPE html>
2  <html>
3      <head></head>
4      <body>
5          <div class="card">
```

```
 6       <h1 class="main-heading">Tourism</h1>
 7         <p class="paragraph">Plan your trip wherever
 8     </div>
 9   </body>
10 </html>
```
